§ 402.1 General statement.

The Federal Crop Insurance Act, as amended by the Federal Crop Insurance Reform Act of 1994, requires the Federal Crop Insurance Corporation to implement a catastrophic risk protection plan of insurance that provides a basic level of insurance coverage to protect producers in the event of a catastrophic crop loss due to loss of yield or prevented planting, if provided by the Corporation, provided the crop loss or prevented planting is due to an insured cause of loss specified in the crop insurance policy.
